The Wisent 1 or Bergepanzer Wisent was developed by a German FFG company as a private venture. It is intended mainly for export. It is worth noting that FFG company has considerable experience in the upgrade and overhaul of various armored vehicles.

Wisent 1 Armored Recovery Vehicle / Armored Engineer ...

In engineering, deflection is the degree to which a structural element is displaced under a load. It

may refer to an angle or a distance. The deflection distance of a member under a load is directly related to the slope of the deflected shape of the member under that load, and can be calculated by integrating the function that mathematically ...
