The Bentley Continental GT is the first production car ever to have an entire body side made from the Super Formed process. The Bentley Continental GT's profile is longer and lower due in part to the positioning of the front wheels 135 mm further forward, which in turn allows the bonnet to be extended and the nose to be lowered.

The Greek government-debt crisis was the sovereign debt crisis faced by Greece in the aftermath of the financial crisis of 2007–08. Widely known in the country as The Crisis (Greek: Η Κρίση), it reached the populace as a series of sudden reforms and austerity measures that led to impoverishment and loss of income and property, as well ...

Greek government-debt crisis - Wikipedia

By Melanie Clark and Quinn Holtby, Katch Kan. The oil and gas industry of today requires a social license to operate. As positive public perception diminishes, the industry must adapt to a higher standard of operation to reduce its environmental footprint and are able to fit on any rig, anywhere in the world.
