

Adaptive Engineering Lab

The Quick Order form is compatible with all AEL products, excluding custom Seats & Backs.

AEL | CRT Wheelchair Positioning Accessories and Seating

The AIMS Lab at the University of Michigan (Umich) is run by Dan Inman and investigates methods of advancing the field of aerospace engineering through energy harvesting, structural damping, and aircraft morphing.

AIMS Lab | Adaptive Intelligent and Multifunctional ...

Hello. I am an assistant professor in the School of Electronic and Electrical Engineering at SungKyunKwan University. My research focuses on design of efficient hardware and algorithm for image/audio processing, at the intersection of conventional signal processing and recent deep learning techniques.

SKKU IRIS Lab

Welcome To The Petrov Lab, Stanford University. We are interested in a wide range of questions in molecular evolution and molecular population genetics.

The Petrov Lab

We would like to provide some helpful information for prospective students interested in research at the BioRobotics Lab. Due to a high volume of interest in our lab, it may not be possible to get an individual response from one of our principal investigators or current graduate students.

UW BioRobotics Lab - A blog dedicated to the news and ...

A complex adaptive system is a system in which a perfect understanding of the individual parts does not automatically convey a perfect understanding of the whole system's behavior. The study of complex adaptive systems, a subset of nonlinear dynamical systems, is highly interdisciplinary and blends insights from the natural and social sciences ...

Complex adaptive system - Wikipedia

Prof. Jiang is known for his contributions to stability and control of interconnected nonlinear systems, and is a key contributor to the nonlinear small-gain theory.

Zhong-Ping Jiang | NYU Tandon School of Engineering

IEEE Antenna & Propagation Society Workshop at the GUC Antenna Challenges in Current & Future Applications 29-31 January 2019: At C1: more news

GUC - Faculty of Information Engineering & Technology

All engineering students learn the latest methodologies and study beyond the fundamentals. Our students are challenged to design solutions, incorporating everything from brainstorming ideas, refining design, building, and troubleshooting to final testing and presenting a project.

Engineering | Embry-Riddle Aeronautical University

I am a Professor in the Centre for Intelligent Dynamic Communications (CIDCOM) within the Department of Electronic & Electrical Engineering, and was recently appointed Vice Dean Knowledge Exchange for the Faculty of Engineering.

Electronic & Electrical Engineering | University of ...

An adaptive clinical trial is a clinical trial that evaluates a medical device or treatment by observing participant outcomes (and possibly other measures, such as side-effects) on a prescribed schedule, and modifying parameters of the trial protocol in accord with those observations.

Adaptive clinical trial - Wikipedia

From atomic to ecosystem scales, living systems exhibit exquisite structural and functional properties while yet remaining adaptive to fluctuating environmental conditions.

Ranganathan Lab

The capabilities of the Ultra Lab increased significantly with the opening in 2001 of the Paul G. Allen Wireless Test Facility, an R.F. anechoic chamber.

USC - EE - Ultralab - Home

Ennead Architects makes transformative architecture for institutions in the public realm.

Ennead Architects - ennead

Vijay Kumar is the Nemirovsky Family Dean for the School of Engineering & Applied Science with appointments in the Departments of Mechanical Engineering and Applied Mechanics, Computer and Information Science, and Electrical and Systems Engineering.

Kumar Lab | GRASP lab

The Proteus layout module includes a comprehensive scheme for design re-use in the form of board templates and technology data. A user can create several templates representing common projects and then initialise new layouts from template to preload all of the configured information.

PCB Design Software - Capture and Layout EDA Tools - Proteus

ALLEN Calsoft Labs is the digital arm of the ALLEN Group, that has delivered unmatched business value to its customers through a combination of process excellence, reusable frameworks, technology innovation, integration and transformation.

ALLEN Calsoft Labs - IT Services | Product Engineering ...

MZA Associates Corporation has posted a video that summarizes the results of tests of the High Energy Fiber Laser (HEFL) Helicopter Beam Director Subsystem (HBDS) performed at the Air Force Research Laboratory (AFRL) Environmental Laser Test Facility (ELTF).

MZA Associates Corporation - News - (MZA News)

Welcome to the Landau Lab at NYU Langone Medical Center! Our research includes understanding host restrictions to viral infections, dendritic cell-targeted lentiviral vectors, and genetic engineering of dendritic cells. We are always looking for talented young scientists to join us!

Biomedical Research Lab | NYU School of Medicine | Landau Labs

The Control and Automation Group has been an integral part of the department of Electrical Engineering. Our mission is to promote cutting-edge research and innovation in the field of Control Engineering.
