Microsoft Corporation is an American multinational technology company with headquarters in Redmond, Washington. It develops, manufactures, licenses, supports and sells computer software, consumer electronics, personal computers, and related services.

Microsoft - Wikipedia

The inherent complexity of biotherapeutics makes their disposition different from small molecules (5). To complicate matters further, even slight changes in product attributes (e.g., primary sequence, glycosylation profile) arising due to multiple factors (product, patient, and treatment) may culminate into serious clinical implications and ...
