

Core Banking Solutions Wiki

Banking software is enterprise software that is used by the banking industry to provide and manage the financial products they provide. Within retail banks, banking software typically refers to core banking software and all its interfaces that allows them to connect to other modular software and to the interbank networks.

Banking software - Wikipedia

The Basel Committee on Banking Supervision (BCBS) is a committee of banking supervisory authorities that was established by the central bank governors of the Group of Ten countries in 1974. It provides a forum for regular cooperation on banking supervisory matters.

Basel Committee on Banking Supervision - Wikipedia

The emergence of artificial intelligence (AI), like the rise of the assembly line and the advent of the internet before it, has played a key part in ushering in a Fourth Industrial Revolution. According to the World Economic Forum, it is disrupting almost every industry in every country.
