The real value of a starting salary is how much you can buy with it. In the graph above, if you were
living in Tennessee and were offered a 25% raise to move to New York, you could use this map to
see that the hidden-cost of living in New York is about 28% higher.

Economics is much broader than the study of recessions and inflation or stocks and bonds.
Economists study decision making and incentives, such as the incentives for a firm to stop polluting
and how taxes create incentives for labor market and savings behavior.
