Data Science and the Health Care Revolution - Forbes

years, affirmative action has been debated more intensely than at any other time in its 50-year history. Many supporters view affirmative action as a milestone, many opponents see it as a millstone, and many others regard it as both or neither -- as a necessary, but imperfect, remedy for an intractable social disease.

UnderstandingPrejudice.org: Ten Myths About Affirmative Action

Mr. Hanmantgad is a Principal at Health Catalyst Capital where he is also a member of the General Partnership and the Investment Committee. Nikhil has a background in healthcare investment research at Goldman Sachs and Citigroup; and healthcare entrepreneurship including technology development, web and mobile design.
