According to Wu Xing theory, the structure of the cosmos mirrors the five phases. Each phase has a complex series of associations with different aspects of nature, as can be seen in the following table.

### **Wu Xing - Wikipedia**

Order theory is a branch of mathematics which investigates the intuitive notion of order using binary relations. It provides a formal framework for describing statements such as "this is less than that" or "this precedes that".

### **Order theory - Wikipedia**

Shapiro developed an information processing theory 1,2,3 to explain and predict the treatment effects seen with EMDR therapy. This theoretical model also describes the development of personality, psychological problems and mental disorders.

Nursing theory is the term given to the body of knowledge that is used to support nursing practice. Nursing theory is a framework designed to organize knowledge and explain phenomena in nursing, at a more concrete and specific level.

### **Introduction to nursing theories**

Literary Theory "Literary theory" is the body of ideas and methods we use in the practical reading of literature. By literary theory we refer not to the meaning of a work of literature but to the theories that reveal what literature can mean.

### **Literary Theory | Internet Encyclopedia of Philosophy**

The Element of Spirit. The Fifth Element - Akasha - Spirit. Akasha is a kind of super-element: the binding force between the other elements ( sounds like gluons from particle theory), or demi-goddess or, for that sake: if you want to look at it from a scientific point of view, a kind of black hole that emanates and absorbs energy/matter.

### **The Element of Spirit - The Elements - The White Goddess**

Guilford researched and developed a wide variety of psychometric tests to measure the specific abilities predicted by SI theory. These tests provide an operational definition of the many abilities proposed by the theory.
