Using the System Information portlet. If you can open Accounting CS, Workpapers CS, or Practice CS, use the System Information portlet to find the version of the SQL being used by the program.

### **How to identify your SQL Server Version and Edition**

Financial economics is the branch of economics characterized by a "concentration on monetary activities", in which "money of one type or another is likely to appear on both sides of a trade". Its concern is thus the interrelation of financial variables, such as prices, interest rates and shares, as opposed to those concerning the real economy.
