

Health Assessment In Nursing 4th

Home health nursing is a nursing specialty in which nurses provide multidimensional home care to patients of all ages. Home health care is a cost efficient way to deliver quality care in the convenience of the client's home. Home health nurses create care plans to achieve goals based on the client's diagnosis.

Home health nursing - Wikipedia

The community health nurse works with individuals, families, groups, communities, populations, systems and/or society, but at all times the health of the person or community is the focus and motivation from which nursing actions flow.

Theories applied in Community Health Nursing

The following articles focus on a number of foundational concepts in critical thinking and though not specifically focused on nursing education, are nevertheless relevant to all instruction which aims at the development of critical thinking.
