

High Strung Power Station 1

A rooftop photovoltaic power station, or rooftop PV system, is a photovoltaic system that has its electricity-generating solar panels mounted on the rooftop of a residential or commercial building or structure. The various components of such a system include photovoltaic modules, mounting systems, cables, solar inverters and other electrical ...

Rooftop photovoltaic power station - Wikipedia

Electric power transmission is the bulk movement of electrical energy from a generating site, such as a power plant, to an electrical substation.

Electric power transmission - Wikipedia

The Tswana word "Lethabo" was aptly chosen as the power station's name: it means "good living, happiness" and reflects the substantial contribution Eskom is making to enable South Africa to reach for high standards in industrial, commercial and social life.
