I started to install my GME TX3500 radio on sunday and was soon scratching my head, hmm should i be getting a professional to do this? Whilst im an IT techie, i found where the wiring loom is on the drivers side but it looks like the ECU needs to come out in order to get access, does it need to be unplugged to get my hand down there?

PCoA • View topic - Installing a UHF radio - how hard is it?

Engineered to provide improved water application for low volume, under-tree and under vine installations.
