Pet lovers the world over know the problems associated with separation anxiety, especially among dogs. It's often characterized by incessant barking and whining, chewed up pillows, loss of ...

Cute pug cuddles tattooed dummy to ease separation anxiety

I LOVE this quote from A Midsummer Night's Dream. It sums up my daughter perfectly - although now age 7, she is getting to be rather tall, but still only 7 and therefore still officially little, having been a living, breathing person upon this planet for less than a fifth of my own life, and despite the rather scathing comment from a woman ...

Great article! I had low milk supply with my singleton and twins, and the fact that prolactin levels peak at night and that nighttime breastfeeding stimulates prolactin levels more was a huge factor for me — and helped me get through all those frequent night wakings and feedings, even when I was no longer cosleeping with my twins.
