A fire at the Neo 200 apartment building in Spencer Street, Melbourne, on Monday highlighted the risk to human safety from flammable cladding and other non-conforming building products.

### **Cladding fires expose gaps in building material safety ...**

The inventive step and non-obviousness reflect a general patentability requirement present in most patent laws, according to which an invention should be sufficiently inventive—i.e., non-obvious—in order to be patented. In other words, "[the] nonobviousness principle asks whether the invention is an adequate distance beyond or above the ...
