

Principles Of Corporate Finance 10th

Corporate finance is an area of finance that deals with sources of funding, the capital structure of corporations, the actions that managers take to increase the value of the firm to the shareholders, and the tools and analysis used to allocate financial resources.

Corporate finance - Wikipedia

There is clear evidence of the urgent need to accelerate the transition towards a resource-efficient, low-carbon and inclusive economy, and that sustainable development can only be achieved with the active involvement of investment institutions considering the key environmental and social challenges our planet is facing.
