Community Reviews. She Can Hide, The 4th installment of Melinda Leigh's She Can series, is filled spine tingling suspense and believable characters that take you along with them on their wild ride. This book opens with heart pounding action and does not let up. I love the strength of the heroine, Abby Foster.

REVIEW. Officer Ethan Hale has appeared throughout this series, so it was great to find out a bit more about him and his background. Taking care of his mum and two younger brothers has not been easy and neither will his road to love and happiness.
