Easy To Use and Fully Featured: The CAMEO cuts designs created in the Silhouette Studio software. This software is free and offers a wide variety of tools and functions to help create custom projects quickly and easily.

### **Amazon.com: Silhouette CAMEO Tool Bundle**

I just bought the Silhouette Studio Designer Edition Software. It has some cool upgrades from the regular version. My favorite thing is being able to import .svg files because I had a lot of them I needed to import. The coolest thing (to me) is the pattern knife function. You can check that out here.
