Assignment on Trust Bank Bangladesh Limited - Assignment Point

How, and to what extent, do people become involved in an organization and committed to its goals? If an organization is to survive and to function effectively, it must require not one, but several different types of behavior from most of its members, and the motivations for these different types of behavior may also differ.

The motivational basis of organizational behavior - Katz ...

In behavioral psychology, reinforcement is a consequence applied that will strengthen an organism's future behavior whenever that behavior is preceded by a specific antecedent stimulus.

Reinforcement - Wikipedia

A. A1C A form of hemoglobin used to test blood sugars over a period of time. ABCs of Behavior An easy method for remembering the order of behavioral components: Antecedent, Behavior, Consequence.

A

Biofeedback is the process of gaining greater awareness of many physiological functions primarily using instruments that provide information on the activity of those same systems, with a goal of being able to manipulate them at will.

Biofeedback - Wikipedia
