

### **Thermal Solutions International Inc**

AeroDef 2019. Noren Thermal Solutions is exhibiting at AeroDef 2019. Visit us in booth 1653.

### **Noren | Noren Thermal, Inc.**

Thermal Energy International is a global provider of profitable energy efficient and emission reduction solutions. Our GEM Steam Traps and FLU-ACE Heat Recovery systems deliver 10%-30% energy savings to industrial and institutional customers, providing a high return on investment combined with a short, compelling payback period.

### **TSXV TMG - Thermal Energy International**

Thermal Engineering International—TEi— has installations across the globe and is backed by more than 165 years of experience in the design and manufacture of high quality Pressure Vessels and Heat Transfer Equipment for the power generation and process industries.

### **Thermal Engineering International Solutions for Heat ...**

Thermal Care is a leading manufacturer of industrial water chillers & process cooling equipment and systems for applications worldwide. ISO 9001 certified.

### **Water Chillers - Industrial Chiller & Process Cooling ...**

Dynamat is the best sound deadener on the market. The Dynamat family of products makes every car cool and quiet, and improves audio sound quality. Our home products do the same for your architectural projects.

### **Dynamat.com | Dynamat Sound Damping | Thermal Solutions**

Combustion Controls Solutions & Environmental Services, Inc. (CCS&ES) is a leading, international provider of air pollution control, energy recovery systems, and wastewater treatment.

### **Thermal Oxidizers| Air Pollution Control Technologies**

HY-TECH Insulating paint and insulating house paint additive reflects heat. NASA selected HY-TECH insulating paint and ceramic additives.

### **Insulating Paint | Insulating Ceramic Paint Additive ...**

Vumii Imaging is a night and all-weather vision technology leader that delivers a broad spectrum of thermal imaging and near-IR security products that are time-tested and field-proven.

### **Vumii Homepage - Infrared Thermal Imaging and Near IR ...**

Fabreeka brings nearly a century of experience providing vibration isolation and shock control solutions for customers worldwide. Incorporated in 1918, Fabreeka worked with engineers at Goodyear and MIT to develop the original Fabreeka pad, a preformed fabric pad used in impact shock and vibration control.

### **Fabreeka - Engineering Vibration Isolation and Shock ...**

GEM steam traps are the most efficient and reliable steam traps on the market. Our venturi orifice designed GEM steam traps have a 10-year performance guarantee.

### **GEM steam traps - Thermal Energy International**

Intelligent thermal utilities solutions that save time, money and energy for your industry

### **Armstrong International**

The Thermal Spray & Cold Spray Experts. Our industrial coating services are ideal for a broad range of applications in almost every industry. We work hard to create customized thermal spray and cold spray solutions for your unique challenges.

### **Thermal Spray & Cold Spray Industrial Coating Services**

World class Heat Transfer Systems for Power Plants. Maarky Thermal Systems provides state of the

art heat transfer equipment and services to power plants worldwide.

### **Condensers - Maarky Thermal Systems**

ThermalVideo.com provides a wide range of Thermal Imaging camera solutions for a variety of industries.

### **RHP International - Video Surveillance and Thermal Imaging ...**

Thermtest maintains a full-service thermal testing laboratory that services industrial, academic, environmental, government labs, and commercial clients in North America and international markets.

### **Thermal Conductivity Measurement Systems and Meters ...**

IES Systems, Inc. is a global supplier of factory automation and test equipment. We provide cost-effective solutions to manufacturing and engineering professionals, finding ways to meet production quotas and exceed quality standards.

### **IES Systems > Home**

At Infrared Systems, we strive to provide our clients effective and innovative solutions for predictive maintenance applications, condition monitoring, non-destructive testing, process control, temperature measurement and building science applications.

### **Infrared Sys**

LumaSense Technologies provides innovative and robust temperature (pyrometer, thermal imaging) and gas sensing (dissolved gas analysis and gas monitoring) devices. By applying LumaSense's proven systems and software, customers in Global Energy, Industrial Materials, and Advanced Technologies are able to reduce waste and inefficiency in their ...

### **Infrared Temperature and Gas Sensing Solutions: thermal ...**

The BLUE FLAME Division specializes in thermal technology and manufactures ISOMAX gas and oil burner systems. The novel operating principle of these burners is based on over 30 international patents.

### **HED® International, Inc. - Advanced Process Systems**

CYME International T&D is a world-class Power Engineering Solutions provider with an established reputation for customer responsiveness and technical expertise.
