The whole "problem vs. solution oriented thinking" - approach does not only apply when a person faces a problem or a difficult situation (as previously mentioned), but is also being applied in one's everyday life, when we have to face a challenging task or when having to perform several duties.

### **Problem vs. Solution Focused Thinking - Planet of Success**

In each example, I present specific problems broken down by the issues of today (political, social, environmental, etc.) and ask questions that will help you consider different ideas on how they might be solved.

### **40 Problem-Solution Essay Topics to Help You Get Started**

I wonder what Jasper said—sounds like it was of use. To me, the difference between a solution to a problem and a solution for a problem is that the latter indicates a possible, suggested solution (yet to be verified as something that truly solves the problem), while the former is a more definitely efficient solution—if applicable, the only ...
